No sir, ma'am! You won't catch me riding the complacency wave when it comes to health. I'm ready to get past whatever may have kept me resigned to less than my best in the past.

Even as I slouch in my easy chair, I realize that my bones and muscles are changing as the result of the stress I'm placing on them. Get me up and moving!

As I think my stress-filled thoughts, I realize that they have the potential to affect my immune system. Align me for health!

And, yes, I suppose it's possible I might make some better lifestyle choices... So support me, already!
